Fog Defender

Enterprise FOG MACHINE

Key Features

- Fog Defender Enterprise is the ideal fogging system to protect large areas like big shops, warehouses, superstores or even targets in open space
- It covers up to 1800 m^3 of dense fog in less than 60 seconds
- The machine is equipped with 2 removable fog cylinders and with a wall metal bracket for an easy installation.

up to 400m³ Zero Visibility	60sec to Zero Visibility
2 Cylinders	Programmable Shot

Features

- The fastest and most powerful machine covering up to 1800 m^3 in less then 60 seconds
- The most dense fog among fogging systems thanks to an 80% glycol in its fog fluid and the proprietary shooting technology based on fog cylinders
- Equipped with double fog cylinder technology, when the first cylinder is empty the machine switches automatically on the second

- Thanks to the massive insulation, Fog Defender Enterprise has a very low power consumption
- It can shoot for longer time in absence of main power,
- Temperature of the machine is stable all the time
- Fog Defender Enterprise is certified after European regulation and its fog fluid is assessed as not dangerous for people and animals and do not leave residuals
